# Luke Ellis

Passionate team player with a focus on the intersection of music, technology, and innovation. Always willing to learn new skills, make new connections, and address tough questions to create the best possible product. Please visit my website [www.EllisLuke.com](http://www.EllisLuke.com) to see some of my latest projects.

## Experience

### Audio Engineer Intern

Invite Only Studios | Jul 2024 – Present | New York, NY

- Supports daily and administrative operations of a premier, state-of-the-art music studio serving high-profile clients and their teams
- Assists staff audio engineers and songwriting teams to ensure smooth and productive sessions
- Interacts with a wide range of music industry roles (including artists, songwriters, A&R, business managers) to help projects come to fruition

### Jazz Department Assistant

Cornell University Music Department | Feb 2021 – Jun 2024 | Ithaca, NY

- Worked closely with the head of the Cornell Jazz Department to manage the music library, inventory equipment, handle event logistics, and complete other administrative tasks
- Updated and redesigned the CU Jazz website when requested
- Contributed to the setup and management of audio/visual equipment for concerts, livestreams, and studio recordings

### President, Keyboardist, and Songwriter

After Six Music | Mar 2021 – May 2024 | Ithaca, NY

- Created the A6 Music LLC to give the band more financial flexibility and legitimacy, which opened the door for many paid gigs
- Networked with Ithaca musicians and venue owners to open for visiting artists like Couch, Bermuda Search Party, Aminé, COIN, and to headline our own sold-out shows
- Kept a close relationship with the entire music community to identify new talent, find new performance opportunities, and anticipate potential issues

### Architectural Acoustic Consulting Intern

Acentech Inc. | Jun 2023 – Aug 2023 | Cambridge, MA

- Reviewed architectural, mechanical, and structural plans of various buildings to give acoustic guidance and to ensure regulatory compliance

### Milstein Program Summer Residency

Cornell Tech | Jun 2022 – Jul 2022 | New York, NY

- As a final project, created an online virtual museum for Coler Specialty Hospital featuring pieces from its patient art program - used Blender, Unity Engine (C#), Node.js with Express, MongoDB, EJS / CSS, and Google Cloud Platform
- Spent eight weeks on Roosevelt Island in NYC attending seminars, workshops, rapid design challenges, and guest speakers' lectures in topics related to technology, public service, entrepreneurship, human-centered design, and forward thinking

### Music Director and Accompanist

Protestant Cooperative Ministry | Oct 2021 – May 2024 | Ithaca, NY

- Collaborated with the Pastor to prepare and accompany the music for each Sunday's service in Anabel Taylor Chapel, including a weekly choral piece and congregational hymns

## Education

Cornell University | Ithaca, NY | B.A. in Information Science and Music | May 2024  
Punahou School | Honolulu HI | June 2020
